

Enactus is an international nonprofit organization dedicated to inspiring students to improve the world through entrepreneurial action to transform lives and shape a more sustainable world.

ENtrepreneurial—initiating business innovation with integrity and passion.

Action—the experience of social impact that sparks social enterprise.

US—student, academic and business leaders collaborating to create a better world.

We provide a platform for teams of outstanding university students to create community development projects that put people's own ingenuity and talents at the center of improving their livelihoods. Guided by educators and supported by business leaders, our students take the kind of entrepreneurial approach that empowers people to be a part of their own success. Our work transforms both the lives of the people we serve, and in turn, the lives of our students as they develop into more effective, values-driven leaders.

Enactus is located in over 36 countries of the world, over 40 universities in Nigeria. Around the world, there are 1,710 university programs, 4,900 team projects annually, 70,500 participating students annually, over 1,950,000 lives impacted annually, over 5,850,000 volunteer hours annually and in line with the 17 U.N sustainable development goals.

Through thought sharing insights, robust training tools and leadership events, we build capacity to maximize our student and global impact.

Annual series of regional and national competitions provides a forum for teams to showcase the impact of their outreach efforts and be evaluated by executives serving as judges. National competition teams advance to the prestigious ENACTUS World Cup to experience excellence in competition, collaboration and celebration.
